

Hi I'm Jonathan.  
I'm an IELTS Teacher  
and coach.

I am the creator of IELTS-Jonathan Training and Feedback.

I am making IELTS students' lives better by providing both free and affordable online solutions to help students solve the problems they experience with IELTS.

This means they can progress to follow their career and dreams after the IELTS exam.

I try to speak three languages and have lived in 7 countries so far.

This is me on a cycling trip  
in Northern China.

**I've taught IELTS and English at 6 different universities in both the UK and China.**

**Among other things, I've been a teacher and entrepreneur my entire life and love the travel opportunities both can bring.**

**My daughter thinks I can't tell jokes; she's often correct!**

**Although I'm sometimes quiet, I do like to laugh, alot!**

**My superpowers are the ability to listen and teach the complicated in simple ways.**

**Oh, and by the way! I hope I am going to be the one that makes your IELTS journey easier!**

**You can find out more about my courses at [members.ielts-jonathan](https://members.ielts-jonathan.com) and get early access to my IELTS Reading and Listening Programme that's coming in Spring 2023.**
